

Flu (Influenza): What You Need to Know

DOHMH MANDATE:

Children 6 months to 59 months in early childhood education programs must receive one dose of influenza between **JULY 1st** and **DECEMBER 31st** for the **2024-2025** school year. Some children need 2 doses of influenza vaccine, depending on their prior vaccination history. Religious exemptions are not accepted.

If you believe your child has already received these immunizations, present the official record to the center. Please find attached a copy of the 2023-2024 required school immunization schedules. For information on where your child may be vaccinated, **call 311**.
